Kala Ghoda

ART DISTRICT

The Kala Ghoda Art District is a crescent-shaped precinct, with its concentration of museums, art galleries, educational institutions, boutiques and restaurants, has the finest array of heritage buildings in the city and has emerged as an important art and cultural centre, thronged by visitors and tourists from across the globe.

Kala Ghoda's buildings give the area a distinct visual identity. There are over 100,000 square feet of existing indoor gallery space, mass outdoor pavement galleries and exhibition spaces within the covered arcades, making the area a living, breathing Urban Museum.

Support infrastructure like lecture halls, convocation halls and conference facilities, in Mumbai University, Elphinstone College and other institutions, gives the precinct a unique place in the world of art and culture.

Kala Ghoda is a magnet for creative talent. Artists, food connoisseurs, fashion designers, architecture buffs; they flock here.

With the funds from The Kala Ghoda Arts Festival and support from generous sponsors, The Kala Ghoda Association has helped physically improve the area, restoring buildings and facades, installing people-friendly street furniture and improving the amenities.
